HGV Mechanic

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Heavy Diesel Mechanic / Plant Fitter [Full Time]

Tower Civil Engineering Ltd

HGV / Heavy Plant Mechanic

Location: Tullamore

Hours: 40-45 per week

Job Type: Full-Time, Permanent

Company Vehicle: Service vehicle provided

Essential Requirements

Proven experience as an HGV Mechanic, HGV Technician, Heavy Plant Mechanic, or Plant Fitter

Full Irish Driving Licence

Strong diagnostic, servicing, and repair experience on HGVs and/or heavy plant machinery

Ability to work independently while maintaining high safety and compliance standards

Reliable, proactive, and committed to delivering quality workmanship

About the Role

At Tower Civil Engineering, our projects depend on a large and hard-working fleet of vehicles and plant equipment. We are looking for an experienced HGV / Heavy Plant Mechanic to play a key role in keeping our fleet safe, compliant, and operational.

This is a hands-on position where you'll be responsible for maintaining, repairing, and inspecting a diverse range of HGVs, tippers, grab lorries, and civil engineering plant machinery. Your expertise will help minimise downtime and ensure our equipment remains ready to support projects across the business.

Key Responsibilities

Maintenance & Repairs

Carry out routine servicing and preventative maintenance on HGVs and plant equipment

Perform mechanical, hydraulic, pneumatic, and electrical repairs as required

Ensure all work is completed to a high standard and in line with manufacturer recommendations

Diagnostics & Fault Finding

Use modern diagnostic equipment to identify faults quickly and accurately

Troubleshoot and resolve issues efficiently to minimise operational downtime

Maintain accurate maintenance and repair records

Vehicle Inspections & Compliance

Conduct regular vehicle and plant inspections

Prepare HGVs for annual CVRT testing and ensure compliance with all relevant regulations

Promote and maintain the highest standards of safety within the workshop and fleet operations

What We Offer

Competitive salary

Company service vehicle provided

Long-term, permanent employment

Opportunity to work with a varied and modern fleet

Supportive team environment

Ongoing training and development opportunities

Apply Today

If you are a skilled and reliable mechanic who takes pride in delivering high-quality work and wants to join a growing civil engineering business with a strong team culture, we'd love to hear from you.
