Architectural Technologist

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are presently recruiting for looking for an Architectural Technologist for our clients in Tralee, County Kerry. You will coordinate with architects, designers, and engineers to design architecture for construction projects and will be required to examine building codes, by-laws, space requirements, site requirements, and other technical documents and reports and follow building regulations and other legal requirements for the companies clients.

Responsibilities:

- Evaluate and advise on environmental, legal and regulatory issues.
- Contribute to planning applications and other regulatory application procedures.
- Identify the surveys (e.g. land surveys) required before work can commence, ensuring they're undertaken and their results are fed into the project.
- Develop project briefs and work on these as the project progresses.
- Prepare and present design proposals using computer-aided design (CAD).
- Carry out design-stage risk assessments.
- Administer contracts and project certification.

Experiences & Skills:

- Relevant Technical Qualification.
- Produce high-quality technical drawings.
- Excellent Communication/Presentation skills.
- Proficiency in either AutoCAD or Autodesk REVIT.
- 5+ years' experience in a similar role in Ireland or the UK

- **Sector:** other service activities
