The successful candidate will be responsible for interpreting engineering drawings, measuring and cutting materials, fabricating, assembling, and repairing a variety of metal components and structures to a high standard of quality and precision. You will operate a range of fabrication equipment and hand tools, ensuring all work is completed safely, efficiently, and in accordance with company procedures and industry standards. Working both independently and as part of a team, you will contribute to the successful delivery of projects while maintaining a strong focus on workmanship, safety, and continuous improvement. The ideal candidate will have proven fabrication experience, excellent attention to detail, strong problem-solving skills, and a commitment to producing high-quality work.. This is a full-time role of 39 hours per week with an annual salary range of €40,000-€50,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
