Electrician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

About Us:

We are a rapidly expanding business located in Lissarda, Cork, dedicated to designing and manufacturing of electrical switchgear with over 7,500 successful projects to date for the industrial, pharmaceutical, commercial, retail, educational, healthcare and IT industries. As part of our growth, we are seeking a skilled and motivated individual to join our team in the role of electrician.

Responsibilities:

- Assemble electrical control panels and enclosures based on schematic diagrams, wiring diagrams, and layout drawings.
- Install components such as relays, circuit breakers, PLCs, switches, and other electrical devices into the panel.
- Cut, strip, and crimp wires, as well as organize and route wiring in a neat and orderly manner.
- Assist in the production process by performing various tasks as assigned.
- Set up, operate, and monitor various types of production machinery.
- Follow standard operating procedures and safety guidelines.
- Maintain a clean and organized work area.
- Assist in loading and unloading materials and products.
- Report any issues or malfunctions to the supervisor.

Requirements:

- Previous experience in a similar role in a manufacturing or production environment.
- Strong attention to detail and ability to follow instructions.
- Good physical stamina and ability to perform manual tasks.
- Basic understanding of health and safety regulations.
- Ability to work effectively in a team environment.
- Willingness to undergo training and learn new skills.
- Proven experience as an operator in a manufacturing setting.

- Mechanical aptitude and problem-solving skills.
- Strong attention to detail and quality control.
- Ability to work independently and as part of a team.

- **Sector:** manufacturing
