Motor Vehicle Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

As a Bright Motor Technician, you will be able to diagnose, service, and repair vehicles to a high standard. Communicate vehicle condition clearly to customers, coordinate with service teams and manage work through the dealer system. Maintain a safe, organised workspace, support apprentice development and continuously build skills while achieving performance targets.

As a Group we operate over 80 vehicle work bays and this gives us the opportunity to provide varied experience with ICE, EV, Passenger and LCV vehicles. We offer the opportunity for career development with structured training courses.

Role responsibilities:

Service & repair vehicles.

Utilise technical knowledge to carry out diagnostic work.

Complete vehicle health checks and video reports to advise customers of vehicle condition and any recommended repairs.

Follow Workshop procedures using the Company dealer management system (DMS) to record time spent on jobs and work carried out.

Organise daily work schedule in cooperation with Service Reception and other support staff.

Determine vehicle parts requirements and communicate with Parts department through DMS

Communicate with Service Reception identifying any issues or opportunities that may require amendments to allocated job times.

Ensure quality and a first time fix.

Meet and discuss the vehicle condition and repairs needed with the customer when necessary.

Carry out road tests of customer vehicles before and after work has been carried out.

Maintain a clean and safe work bay

Supervise and assist in the training of apprentice technicians.

Achieve targets to qualify for bonus.

Develop skills through regular training necessary to maintain brand knowledge.

Comply with health and safety standards.

The successful candidate will ideally:

Be a qualified motor technician previous experience with Citroën highly desirable.

Have the ability to carry out the role in a competent and organised manner.

Possess experience of working within a franchised dealership.

Have the interpersonal skills necessary to work with others and achieve success within a team.

Have the ability to work alone or in cooperation with other team members to deliver excellent customer service.

Work to target and complete tasks in allotted times in accordance with manufacturer standards.

Be computer literate and follow processes in accordance with the Company DMS.

Have a full Irish/EU driving licence.

Be punctual and show initiative while demonstrating a strong work ethic.

Be confident enough to mentor and coach apprentices, and support less experienced team members.

What we offer in return:

Excellent basic salary

Productivity bonus scheme

21 days basic holiday plus bank holidays

Company Pension

Employee Assistance Program

Staff referral scheme

Continuing professional development to achieve Manufacturer and Company standards and professional qualifications.
