Civil Engineering Technologist L7 - Apprenticeship

Job Description

First Year Apprentice Vacancy

Bennett Construction

Civil Engineer – Earn While You Learn Programme

Location - Dublin

Bennett Construction is a family-owned Irish construction company with over 100 years of experience. We specialise in various sectors, including commercial, residential, and data centres, and have a strong reputation for delivering high-quality projects with a focus on client satisfaction.

We are partnering with SOLAS and Atlantic Technological University (ATU Sligo) to offer a unique "earn-while-you-learn" opportunity for aspiring Civil Engineers.

About the Role:

- Apprentice Civil Engineer (Level 7): Full-time position on one of our project sites based in Dublin.
- Combined Learning: Gain valuable on-the-job experience (4 days/week) alongside structured training at ATU (1 day/week online lectures + 1 day/month lab workshops).
- Duration – 3-year programme
- Comprehensive Support:
 - o Mentorship: Dedicated mentor to guide you throughout the programme.
 - o Funding: Full funding for ATU training provided by Bennett Construction

Key Responsibilities

Site Engineering Support:

- Assist the Engineering Team with setting out and checking works as required for the project.
- Coordinate Sub-Contractors, including maintaining a daily Site Diary detailing resource levels for each Sub-Contractor and keeping accurate notes of all on-site activities.
- Schedule daily Work Programmes as allocated.
- Assist in scheduling steel reinforcement and other material requisitions.
- Conduct Concrete Cube testing, including recording locations, sending for testing, and analysing results.
- Carry out other required quality checks.

- Attend weekly Management Team meetings as required.

Qualifications & Skills

- Minimum Leaving Certificate requirement of 5 O6/H7 grades, including maths. Due to the strong maths and physics content of the course, H5 grades in these subjects are preferable.
- Strong literacy, numeracy, and IT skills.
- Excellent interpersonal skills, strong written and oral communication skills
- Basic understanding of engineering principles and technical drawings.
- Proactive attitude, a strong work ethic, and a passion for Civil Engineering.
- Ability to work in a team.

Benefits

- Work with a team of highly skilled engineers.
- Gain invaluable on-the-job experience.
- Earn a competitive salary while pursuing a rewarding career.
- Contribute to meaningful projects

How to apply

- Please review the review the apprenticeship information,

Occupational Profile

Civil Engineer details

To apply, please send your CV and a brief covering email outlining your suitability for the role to hr@bennettconstruction.ie.
