The role involves setting up and operating rigging systems, interpreting lifting plans and technical drawings, assisting pipefitters and welders with alignment and installation works, and ensuring all lifting activities comply with safety regulations and certification standards. The successful candidate will participate in safety briefings, complete inspection records, and work closely with site teams to ensure work is completed safely and to high quality standards. This is a full-time role of 39 hours per week with an annual salary range of €50,000-€60,000. Interested applicants should send their CV to [info@aureolglobalconnections.com](mailto:info@aureolglobalconnections.com).

- **Sector:** professional, scientific and technical activities
