Job Description

Modern Tyres are experts in automotive parts repair including tyres, brakes, exhausts and much more, as well as offering a robust car servicing.

With over 74 branches across the Isle of Ireland, we are a Modern Tyres Company. We have retail outlets that specialize in just Tyres and/or Car Service & Tyres.

Modern Tyres are also leading the way in the service, maintenance, a wide variety range of tyres to suit our customers' needs and experts in tyre replacement for EV and Hybrid cars.

The Branch Manager is responsible for the overall management of the branch and the achievement of all financial targets within his/her branch.

Key Tasks Required:

Operational Management

Planning, organising, staffing, directing and controlling of all branch staff

Maximise the branch's potential by ensuring all branch and financial targets are met

Ensure that all branch staff fully adhere to correct procedures in relation tasks and stock management

Maintain all costs within targeted figures

Ensure all stock is maintained and regularly audited

Staff Management

Identify recruitment needs within budget and process with support from Human Resources Department

Provide regular feedback to all staff on their performance

Coach and motivate branch staff to ensure they meet business demand and targets set

Develop and encourage positive working relationships within the branch and where issues arise resolve them, or if unable, escalate to their Regional Manager

Business Development

Promote at every opportunity to existing and potential customers the range of services that we provide

Develop relationships with existing and potential customers to retain and grow branch business

Bring forward ideas/suggestions for new products or services that could generate additional revenue

Responsible for entire branch performance reporting weekly sales to area manager

Quality Management

Responsible of the housekeeping of the branch

To always deliver excellent customer service (phone/face to face)

Ensure good work practices are being followed in the branch, and all technical guidelines are being adhered to - following the policy of getting it right first time.

Health and Safety

Ensure full compliance by all floor staff with health and safety/environmental policies and procedures

Ensure full compliance by all floor staff with safety/environmental legislation.

Promote and be a role model for the safety in the branch and report all breaches of safety policies/procedures and legislation to the regional manager
