Fabricators

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Our client, Loughryan Engineering Services Limited, based in Clonmel, Co. Tipperary, is currently seeking Fabricators for immediate start at their facility in Clonmel, Co. Tipperary.

Key Responsibilities & Duties

Fabricating, assembling, and repairing structural steel components used in construction and industrial projects.

Read and interpret technical drawings, blueprints, and fabrication plans.

Measure, cut, shape, and weld structural steel components to required specifications.

Operate fabrication equipment such as saws, drills, shears, plasma cutters, and welding machines.

Assemble metal structures and frameworks based on design requirements.

Perform MIG, TIG, and/or stick welding as required by project specifications.

Ensure all work meets quality standards and complies with safety regulations.

Inspect finished products for accuracy, defects, and structural integrity.

Collaborate with engineers, welders, and production teams to complete projects on schedule.

Maintain tools, equipment, and a clean working environment.

Follow company health and safety policies at all times.

Requirements: Skills & Experience

Candidate must be competent to carry out all job role duties listed above

This role requires strong technical skills, precision, and a commitment to quality and safety

standards.

Minimum of 3 years of previous experience as a structural metal Fabricator in a previous role

Proficiency in reading and interpreting fabrication drawings and technical documents.

Skilled in MIG, TIG, or stick welding (certification preferred).

Experience working with structural steel (beams, columns, plates, brackets).

Ability to use fabrication machinery and hand tools safely and effectively.

Knowledge of industry standards and fabrication best practices.

Strong attention to detail and accuracy.

Ability to work independently and as part of a team.

Good problem-solving skills and mechanical aptitude.

Strong communication skills.

Commitment to workplace safety

Annual remuneration: €36,605.00; Pay rate €18.05 per hour

Work Location: Loughryan Engineering Services Limited, Loughryan, Grange, Clonmel, Co. Tipperary, E91 ED78.

Number of hours work each week: 39

If you are interested in this role, please apply with an up-to-date CV to info@crewitresourcing.com or call 019020688 to enquire for more details.
