Job Description

Role Overview

The Mobile Crane Operator / Driver safely drives mobile cranes to and from project sites, sets up lifting equipment, and executes complex lifting operations in compliance with site safety standards and legal regulations.

Key Duties and Responsibilities

Driving & Transport: Safely drive and maneuver heavy mobile cranes on public roads and project sites, obeying traffic laws and weight restrictions.

Crane Operation: Operate mobile crane controls to lift, move, and position heavy loads, machinery, and construction materials with precision.

Site Preparation: Inspect job sites, assess ground conditions, set up outriggers, and configure counterweights safely.

Rigging & Signaling: Work alongside slinger/signallers, verify load weights, and ensure safe rigging practices before every lift.

Maintenance & Inspections: Perform daily walk-around checks, routine maintenance, fluid checks, and report mechanical faults immediately.

Safety Compliance: Adhere strictly to health and safety guidelines, method statements, and lift plans.

Requirements and Qualifications

Licence: Full, clean Category CE Heavy Goods Vehicle (HGV) driving licence with proven professional driving experience.

Certifications: Valid Construction Skills Certification Scheme (CSCS) Mobile Crane card and CSCS Slinger/Signaller ticket (or international equivalent subject to verification). Safety Pass: Valid Safe Pass registration (or local health and safety equivalent). Experience: Minimum of 2–3 years of verifiable experience operating mobile cranes within heavy industry, logistics, or construction environments.

Soft Skills: Strong spatial awareness, good communication skills for working with signalers, and flexibility regarding working hours.
