Mechanical Engineer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is hiring Mechanical Engineers on behalf of Oak Underground Solutions Limited, Log House, Kingscourt Road, Carrickmacross, Monaghan, A81 NN66. The successful candidate will be responsible for operating, maintaining and supporting specialist equipment used in underground utility, drainage and environmental works. You will carry out inspection, maintenance and repair activities associated with pipework, drainage systems, pumps and associated equipment, ensuring all work is completed safely, efficiently and to the required standards. The role will involve working closely with site teams on hydro-excavation, high-pressure water jetting, CCTV pipe inspections and pipe rehabilitation projects, troubleshooting equipment and operational issues, and supporting planned and reactive maintenance activities. The ideal candidate will have good technical and practical skills, excellent problem-solving abilities, good attention to detail, and a good commitment to health, safety, quality and environmental standards. 39 hours per week and annual salary of €36,605 - €40000. Interested applicants please send your CV to info@aureolglobalconnections.com
