CNC Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Mm Fiber Packaging Ireland Limited is looking for two Computer Numerical Control Operatives to set up, operate and monitor computer numerical control (CNC) machinery to produce output to specification, maintaining agreed standards of quality, accuracy, output and safety in line with production schedules.

Key Duties and Responsibilities

Set up and operate CNC machinery in accordance with job specifications, drawings and production schedules.

Load, select and run the correct CNC programme for each job, and adjust machine settings and parameters as required.

Load materials and components and monitor production cycles from start to finish.

Carry out in-process quality checks using appropriate measuring and inspection instruments, verifying output against specifications and tolerances.

Make minor programme and setting adjustments to maintain quality and correct deviations during production runs.

Perform tool or consumable changes and routine first-line maintenance, and report machine faults to the maintenance team.

Interpret drawings, work instructions and technical specifications.

Record production data, downtime, waste and non-conformances in the plant reporting system.

Maintain a clean, orderly and safe work area and comply with all health and safety procedures, machine guarding and use of personal protective equipment.

Support continuous improvement initiatives to enhance quality, efficiency and safety within the production process.

Essential Qualifications and Experience

A relevant technical or vocational qualification in engineering, manufacturing or a related field, or equivalent.

Ability to read and interpret drawings and technical specifications.

Competence using measuring and inspection instruments and working to specified tolerances.

Working knowledge of CNC control systems.

Strong attention to detail, reliability and the ability to work shift patterns.

Working Hours: 36.5 Hours Per week

Annual Salary: €37,582.74
