Bricklayer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Their duties and responsibilities include:

- Laying bricks, blocks and other masonry materials with accuracy
- Mixing, preparing and applying mortar
- Reading construction plans and technical drawings
- Measuring build areas and marking guidelines
- Building or repairing walls, chimneys and structural features
- Follow safety and compliance standards and work efficiently to meet project deadlines.
- Physical stamina for working outdoors and for long periods
- Ability to measure, cut and shape brickwork accurately
- Familiarity with modern building regulations and sustainability practices
- Working with materials such as brick, stone, terracotta and glass blocks
- Knowledge of masonry tools, materials and construction techniques
- Operating tools such as trowels, spirit levels, brick saws and plumb lines
- Maintaining site safety standards and complying with building regulations
- Collaborating with site managers, contractors and other trades
- Adapting to modern construction methods, including prefabricated elements and new sustainability materials

Other skills that may be required for the job may include:

- Knowledge of masonry tools, materials and construction techniques
- Ability to read drawings, plans and specifications
- Strong manual skills and hand-eye coordination
- Physical stamina for working outdoors and for long periods
- Understanding of health and safety standards on site
- Ability to measure, cut and shape brickwork accurately
- Familiarity with modern building regulations and sustainability practices
- Awareness of the digital site-management tools increasingly used in construction
