Metal Fabricator & Welder

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

TankBuilder Limited specialises in the manufacturing of high-quality buffer tanks. Due to continued business expansion, we are seeking a skilled and experienced Welder / Metal Fabricator to join our workshop team.

The successful candidate will contribute to the fabrication and assembly of metal components in accordance with company and industry standards.

Key Responsibilities:

Carry out welding and steel fabrication tasks in line with established manufacturing specifications and job requirements

Accurately read and interpret technical drawings and fabrication plans

Fabricate and assemble metal components with precision and attention to detail

Assist in the manufacture of buffer tanks, ensuring compliance with company quality standards

Maintain high standards of health, safety, and housekeeping in the workshop Work effectively both as part of a team and independently with minimal supervision

Requirements:

Minimum of 2 years' experience in welding and steel fabrication

Proven workshop-based fabrication experience

Ability to read and interpret technical drawings accurately

Strong practical welding skills and understanding of fabrication processes

Ability to work independently and demonstrate initiative

Experience in tank manufacturing is an advantage but not essential

Benefits:

Working Hours : 39 hours per week

Base Salary of 36000 Euro Annually

Competitive salary commensurate with experience

Opportunities for career progression and skills development

Supportive and professional working environment

Work Location: In person

- **Sector:** manufacturing
