Site Manager (Civil Engineering)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Karl Strong Construction Limited is urgently seeking an experienced Site Manager for a civil engineering project in Dublin, commencing 7 September 2026.

The successful candidate will be responsible for the day-to-day supervision and coordination of site activities, workers and subcontractors. The role requires strong practical experience in civil engineering works, particularly drainage, underground utilities and pipe-laying.

Applicants with substantial experience as a civil engineering site foreman, site supervisor or civil engineer will also be considered.

Key responsibilities:

Manage and supervise daily site operations

Coordinate site personnel, subcontractors, plant and materials

Monitor progress and ensure work is completed safely and efficiently

Ensure compliance with site health and safety requirements

Oversee drainage, utilities and pipe-laying works

Liaise with company management and other project personnel

Maintain appropriate site records and report on progress

Requirements:

Proven civil engineering or site-management experience

Strong drainage, utilities and pipe-laying experience

Excellent site supervision, organisation and leadership skills

Valid Safe Pass

Valid Manual Handling Certificate

Own transport

Permission to work in Ireland

This is an urgent appointment. Please email your CV and relevant certification to David.Moore@kscltd.ie.
