Genomic Resource Associate

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Who We Are

(CHI) is leading on the clinical and operational transformation of acute paediatric healthcare and consists of hospitals at Crumlin, Temple Street and Tallaght as well as an Urgent Care Centre at Connolly hospital in Blanchardstown.

Description

Genomic Resource Associate

Purpose of the role

The Genomic Resource Associate is a recently established role working as a member of the multidisciplinary team within the Clinical Genetics work stream.

The role will support improved patient access, and the delivery of efficient and integrated care for the patient throughout the patient's genetics assessment. The role includes direct patient contact, collaboration with genetics clinical staff, coordination with external clinical services and laboratories, and oversight of critical documentation and data systems related to the patient journey. The role encompasses data management and maintaining activity data for KPI monitoring/audit purposes. In addition, the role involves responsibility for coordination of information to facilitate cases discussed at genetics MDT meetings.

Essential Criteria

Have satisfactory experience as a Clerical Officer in the HSE, TUSLA, other statutory health agencies, or a body which provides services on behalf of the HSE under Section 38 of the Health Act 2004

Or

Have obtained a pass (Grade D) in at least five subjects from the approved list of subjects in the Department of Education Leaving Certificate Examination, including Mathematics and English or Irish¹. Candidates should have obtained at least Grade C on higher level papers in three subjects in that examination.

Or

Have completed a relevant examination at a comparable standard in any equivalent examination in another jurisdiction

Or

Hold a comparable and relevant 3rd level qualification or at least level 6 in Healthcare Management on the National Qualifications Framework maintained by Qualifications and Quality Ireland, (QQI).

Note¹:

Candidates must achieve a pass in Ordinary or Higher level papers. A pass in a foundation level paper is not acceptable.

Candidates must have achieved these grades on the Leaving Certificate Established programme or the Leaving Certificate Vocational programme.

The Leaving Certification Applied Programme does not fulfil the eligibility criteria.

And

Candidates must possess the requisite knowledge and ability, including a high standard of suitability, for the proper discharge of the office.

Experience of working in a clinical environment involving patient contact, as relevant to the role.

Working knowledge of hospital/healthcare IT systems
