Supply Chain Analyst

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job description:

The Supply Chain Analyst role will manage order processing & fulfilment in the UK market, whilst supporting the Planning function with demand analysis & forecasting activities. The role focuses on maintaining target customer fulfilment scores through the order to cash process, analysing accurate planning data, managing purchase orders and stock adjustments, and ensuring forecasts and actuals are aligned with Finance, Sales, and co-manufacturers to drive effective supply and financial planning.

Requirements: A third level degree related to supply chain analytics and one year experience in multi-national supply chain within FCMG.

- This vacancy is suitable for Remote/Blended working
- **Sector:** manufacturing
