Hospitality Systems & Performance Analysis Manager

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Main Duties:

Conduct advanced financial data analysis across hospitality operations, including revenue, cost control, margins, and profitability reporting.

Lead financial performance analytics, identifying trends, variances, and key drivers impacting business performance.

Oversee the optimisation and integration of financial and accounting systems within hospitality management platforms.

Lead budgeting, forecasting, and financial modelling, including revenue forecasting and scenario analysis.

Implement revenue optimisation strategies based on financial modelling, pricing analytics, and performance benchmarking.

Ensure accurate financial reporting in compliance with accounting standards and internal governance requirements.

Provide strategic financial insights and performance reports to senior management.

Strengthen internal controls, financial data integrity, and reporting accuracy.
