Pipe Fitter

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are seeking a motivated Pipe Fitter to join our team. The successful candidate will be responsible for the installation, maintenance, and servicing of automated feeding, drinking, and cooling pipe systems used in agricultural production facilities.

The role involves working with mechanical and agricultural equipment to support the efficient operation of livestock housing systems while ensuring compliance with health, safety, and quality standards.

Key Responsibilities:

Installation of auger pipe systems for automated livestock feeding systems

Assembly and installation of drinker and feed distribution pipework

Fitting, alignment, and maintenance of auger feed lines and associated mechanical components

Installation of misting, ventilation, and cooling pipe systems within livestock housing units

Inspection, servicing, troubleshooting, and repair of existing agricultural installations

Reading and interpreting installation layouts and technical specifications where required

Use of mechanical tools and equipment to complete installation and repair work

Ensuring all work complies with company safety procedures and industry standards

Working independently and as part of a team across multiple farm sites

Requirements:

Proven experience in mechanical installation, agricultural equipment installation, or similar technical work

Strong mechanical aptitude and practical hands-on skills

Experience working with pipe systems, installation equipment, or mechanical assemblies

Ability to work safely at heights when required

Full clean driving licence

Ability to work in outdoor agricultural environments

Strong problem-solving ability and attention to detail

Good communication and teamwork skills

The role involves working at various locations throughout Ireland.
