Credit Receivables & Risk Analyst

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job Responsibilities

- Manage customer invoicing, cash receipts and account reconciliations
- Monitor aged debt and perform regular reviews of outstanding balances
- Perform credit assessments on new and existing customers
- Identify high risk exposures and support mitigation strategies
- Monitor changes in customer financial standing and risk ratings
- Conduct periodic review of credit limits across active accounts
- Support the preparation of AR risk reports, including aged debt analysis and exposure by customer and department
- Participate in bad debt provisioning
- Collaborate with Projects managers and Commercial teams to resolve billing and payment issues
- Identify opportunities to improve AR processes, controls and reporting
- Ensure compliance with internal controls, policies and procedures

The duties and responsibilities described are not a comprehensive list and additional tasks may be assigned to the employee from time to time as necessitated by business demands.

Skills Required

- Experience in Financial analysis and risk analysis
- Minimum 3 years' experience in Accounts Receivable, invoicing, account reconciliations and credit assessments
- Excellent communication and organisation skills
- Ability to confidently report on all financial and risk analysis results
- Strong Excel skills essential
