Job Description

Duties

This is a developmental opportunity, no experience necessary. Accredited training will be provided to support your career.

The CE Childcare Training and Development Programme is a three year programme.

You will spend time on the project under supervision and participating in training - this way you will have access to a early years environment and be part of a busy Early Years Centre. The project supervisor will talk to you about the training requirements of the programme.

The Manager of the Early Years Centre will supervise your work experience and the Supervisor will also support you in your training. Learning on the scheme will include childcare related tasks.

On completion of training, you will have a Major Award at QQI Level 5 and be a qualified Early Years Practitioner.

During this stage you can continue to gain experience as a Practitioner while on CE and provide additional help and support to the Centre.
