Printer / Wide Format Print Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job title: Printer / Wide Format Print Operator

Employer's name: Pat Dennehy Signs Ltd.

Location: Pat Dennehy Signs Ltd., Doughcloyne Industrial Estate, Sarsfield Road, Wilton, Cork, T12 KX38

Annual Salary: €37,544

Weekly hours: 40 hours a week

Key Responsibilities

- Prepare and optimise customer artwork and production files for wide-format printing, signage, vehicle graphics and other visual communication products.
- Carry out pre-press operations including artwork verification, sizing, scaling, colour management, nesting and print file preparation using RIP software.
- Operate and monitor wide-format printing equipment to produce high-quality graphics, signage, decals, banners and vehicle graphics.
- Configure print settings, load appropriate media and materials, and manage print production schedules to ensure efficient workflow and timely delivery.
- Conduct quality inspections throughout production, ensuring colour accuracy, print quality, dimensions and finishing standards meet customer and company requirements.
- Operate laminating, finishing and cutting equipment, including plotters and digital cutting systems, preparing materials for final production and installation.
- Trim, weed, mount and finish printed graphics on a variety of substrates including aluminium composite panels, PVC and vinyl materials.
- Prepare vehicle graphic kits and printed materials for installation, including application tape preparation, finishing and packaging.
- Carry out routine operator maintenance, calibration and cleaning of printing and finishing equipment to ensure optimal performance.
- Maintain accurate production records and comply with company quality control procedures,

health and safety requirements and production standards.

Requirements:

- Previous experience operating digital, large-format or commercial printing equipment in a production environment.
- Experience with print file preparation, artwork setup, colour management and RIP software.
- Ability to operate printing, laminating, cutting and finishing machinery safely and efficiently.
- Strong understanding of print production workflows, quality control procedures and production deadlines.
- Knowledge of signage production, vehicle graphics, vinyl applications and related printing materials is highly desirable.
- Ability to interpret production specifications and customer artwork requirements accurately.
- Good attention to detail, problem-solving abilities and commitment to maintaining high production standards.
- Experience with Roland printers, Caldera RIP software, plotters or Kongsberg cutting systems would be advantageous.
- Ability to work independently and as part of a production team in a fast-paced environment.
- Commitment to workplace health and safety procedures.

- **Sector:** manufacturing
