Onsite Testing Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Building Envelope Technologies, Ireland's leading specialists in airtightness, building performance, and compliance testing, is experiencing further growth and expansion. We are now seeking dedicated and motivated individuals to join our team as an Onsite Testing Technician.

Key Requirements

Previous experience in construction or a similar role (desirable but not essential).

Willingness to work flexibly and adapt to varying tasks and schedules.

Ability to work independently and take initiative.

Safe Pass and Manual Handling certification (preferred, but full training will be provided).

Full, clean driving licence (essential).

Duties and Responsibilities

Conducting various building compliance tests

Traveling to different job sites across Ireland to support BET engineers with onsite testing.

Working collaboratively to ensure accurate and reliable results that meet industry standards.

Comprehensive training provided by industry experts.
