Aircraft Mechanic Number 2

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Ryanair Engineering Delivered by PAM Ireland Ltd has an exciting opportunity for Aircraft Mechanics to join our team in our facility at Hangar 5, Shannon Airport.

Reporting to the Check/Zone Supervisor, the successful candidates will join a team of highly skilled staff, contributing to the safe maintenance of a fleet of 600+ aircraft for one of the world's largest and most successful airlines. This role provides an opportunity to work in a fast-paced, evolving environment, offering significant growth potential in the aviation industry.

Key Accountabilities and Responsibilities:

Responsible for the completion of routine and non-routine aircraft maintenance tasks.

Ensuring aircraft documentation is completed and certified in accordance with the MOE and company procedures.

Responsible for maintaining a safe and clean work environment at all times.

Adherence to all company procedures, regulations, and safe working practices

Carry out any other tasks as reasonably required by the Check/Zone Supervisor.

Maintain awareness and ensure best practices are observed for Health and Safety and Human Factors.

Knowledge, Skills and Experience:

A recognised apprenticeship or traineeship within the aircraft industry is essential.

Previous hands-on heavy maintenance experience along with extensive knowledge of base maintenance activities.

Experience in working as an aircraft mechanic on Boeing 737 NG / MAX is desirable.

Excellent communication skills and strong attention to detail

Good Computer literacy with experience and knowledge of Microsoft Word, excel etc.

Flexible approach to work in a fast-changing environment

This role is Shift Work. Day Shift 7am-7pm and Night Shift 7pm-7am.

12-hour rotating shift of 5 on / 3 off, 4 on / 4 off. You will work 2,080 hours per annum, averaging 40 hours per week.

- **Sector:** transportation and storage

Career Level

- Experienced [Non-Managerial]
