Press Brake Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is hiring for Press Brake Operators on behalf of Kel-Tech Engineering (Waterford) Limited of Unit 37-38, Waterford Industrial Park, Cork Road, Co Waterford X91 XYN5. The ideal candidate will have experience in the following areas: setting up, programming, and operating press brake machinery to bend, form, and shape sheet metal components in line with engineering drawings and production specifications. They will be proficient in selecting and changing tooling, carrying out accurate measurements and quality inspections, and ensuring finished products meet required tolerances and quality standards. The role also involves performing routine machine maintenance, troubleshooting minor operational issues, maintaining a safe and organised work environment, and adhering to all health and safety procedures. Good attention to detail, the ability to read technical drawings, and experience within a metal fabrication or manufacturing environment are essential for success in this role. This is a full-time role of 39 hours per week with an annual salary range of €36,605-€46,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
