## Construction Materials Laboratory Technician

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

MTS, a provider of laboratory services to the construction sector, is seeking a Construction Material Test Laboratory Technician to support laboratory operations in Carlow.

#### Key Responsibilities:

- Prepare and test construction material samples in accordance with laboratory testing procedures and standards
- Conduct laboratory testing on materials, including concrete, aggregates, soils, asphalt, and related construction materials
- Maintain accurate records and report test results
- Follow quality control procedures and health & safety requirements
- Ensure laboratory equipment and work areas are maintained in a clean and organised condition
- Assist with sample collection, storage, and preparation
- Support laboratory operations and technical staff as required

#### Candidate Requirements:

- Previous laboratory or construction materials testing experience is beneficial but not essential
- Strong attention to detail and ability to follow technical procedures
- Good communication and organisational skills
- Ability to work independently and as part of a team
- Positive attitude and willingness to learn
- Reliable, disciplined, and quality-focused approach to work

#### Preferred Qualifications:

- Qualification or studies in Science, Engineering, Construction, Materials Science, or a related field are advantageous
- Experience in quality assurance or laboratory environments is beneficial

Additional Requirements:

- Applicants must be legally permitted to work in Ireland
- Good English communication skills required for reporting and health & safety purposes

Job Type:

- Full-time
- Permanent

Benefits:

- On-site parking
- Sick pay

Location:

Carlow, Co. Carlow (On-site role)
