MIG Welder

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Responsibilities:

- Perform welding on quarry machinery and equipment.
- Set up MIG welding equipment, selecting the appropriate wire, shielding gas and settings for each job.
- Clean and prepare steel components using grinders and cutting tools before welding.
- Conduct repairs and maintenance to ensure optimal functioning of heavy machinery.
- Diagnose issues and implement necessary repairs promptly.
- Ensure compliance with safety standards and company regulations.
- Work collaboratively with the maintenance team to minimize equipment downtime.

Requirements:

- Proven MIG welding experience, ideally repairing heavy machinery, plant equipment or structural steel.
- Ability to read fabrication drawings, take accurate measurements and produce strong, consistent welds.
- Experience preparing, cutting and fitting steel components before welding.
- Confidence working on worn or damaged equipment and choosing practical repair methods.
- Commitment to safe working practices, including the correct use of PPE in a quarry environment.

- **Sector:** mining and quarrying

Career Level

- Experienced [Non-Managerial]
