Welder/Fabricator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Keltec are looking for a welder fabricator to join the team.

Main functions of the role:

Welding and fabrication of agri attachment products, including items such as bale handling and feeding equipment.

Welding of bespoke steel infrastructure products to required drawings and specifications.

Reading and interpreting fabrication drawings and production instructions.

Preparing, assembling, and finishing steel components for manufacture.

Ensuring all welds are completed to a high standard of strength, accuracy, and finish.

Operating welding and related fabrication equipment safely and efficiently.

Assisting with fitting, checking, and quality control of finished products before dispatch.

Supporting the production team in meeting output targets, quality standards, and delivery deadlines.

Maintaining a safe, clean, and organised work area.

Carrying out routine checks and basic maintenance of welding tools and equipment.

- **Sector:** manufacturing
