TIG Welder / Pipe Fabricator (Stainless Steel)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Duties and Responsibilities

- TIG welding of stainless steel components including vessels, tanks, access platforms, and process pipework
- Fabrication of stainless steel structures to high-quality standards in line with client specifications and drawings
- Reading, interpreting, and working from fabrication drawings and technical specifications with accuracy
- Self-directing work on fabrication tasks without close supervision, exercising good initiative and judgement
- Carrying out quality checks on completed work to ensure compliance with required standards
- Working safely at all times and in compliance with health and safety requirements
- Collaborating with colleagues, supervisors, and project managers to ensure timely project delivery
- Maintaining a clean, organised, and safe work environment

Essential Requirements

- Proven, demonstrable experience as a TIG welder working with stainless steel
- Proven experience fabricating stainless steel vessels, tanks, platforms, and/or process pipework
- Proficiency in reading and interpreting fabrication and engineering drawings
- Ability to fabricate to a high standard on own initiative with minimal supervision
- Strong attention to detail and commitment to quality workmanship
- Knowledge of safe working practices and health and safety requirements relevant to welding and fabrication

Desirable (but not essential)

- Relevant trade qualification or apprenticeship (e.g. FETAC/QQI metalwork/fabrication, CSWIP,

or equivalent)

- Experience with orbital welding or automated TIG processes
- Safe Pass and/or Manual Handling certification
- Previous experience in a similar manufacturing or industrial fabrication environment

- **Sector:** manufacturing

Career Level

- Experienced [Non-Managerial]
