HGV Mechanic

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Athenry Truck & Refrigeration Centre Ltd requires multiple HGV Mechanic roles for their premises at Knockbrack, Athenry, Galway, H65 NX33.

The salary offered is €36,605 (18.05/hr) based on a 39-hour week.

Salary will increase proportionately if additional hours are required.

Salary offered shall be based on relevant experience and qualifications.

Job Description - HGV Mechanic role responsible for servicing, maintaining and repairing heavy goods vehicles (HGVs) and trailers. The role requires advanced diagnostics and fault-finding on mechanical and electrical systems, completion of inspections and preventative maintenance, and may include maintenance of transport refrigeration units where required. The position involves working on manufacturers such as MAN, Isuzu and Scania (and comparable makes), leading and supporting junior mechanics in the workshop, ensuring all work meets safety, quality and compliance standards, and accurately completing service records and job documentation. Candidates must have the right to work in Ireland (EU/UK passport or existing right to work).

Key responsibilities include: service, maintain and repair HGVs and trailers; carry out advanced diagnostics and fault-finding on mechanical and electrical systems; perform inspections and preventative maintenance; work on vehicles from manufacturers such as MAN, Isuzu and Scania and comparable makes; assist with maintenance of transport refrigeration units when required; lead, support and guide junior mechanics within the workshop; ensure all work meets safety, quality and compliance standards; and complete service records and job documentation accurately.

Permanent, full-time
