Fabricator / Welder

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Salary: Above industry rates. We are looking for good people for long term employment and have full order books for the next few years.

We're CME Industrial, specialists in structural and architectural steelwork including balconies, balustrades, handrails, cladding, and bespoke fabrications.

We're looking for two experienced workshop-based fabricators (not just Welders) to join our growing team in Dublin.

Experienced Fabricator – Balconies, Railings & Balustrades

You'll be responsible for fabricating architectural and structural steel components such as balcony frames, balustrades, and handrails.

Fabricate to drawing using MIG/TIG welding and standard workshop equipment

Assemble balcony and railing systems to tight tolerances

Read and interpret fabrication drawings and cutting lists

Work efficiently within a busy workshop and uphold safety and quality standards

Liaise with production and installation teams to ensure smooth workflow

Requirements:

Minimum 5 years' fabrication experience in architectural or structural steel

Ability to read and understand fabrication drawings

Good communication and teamwork skills

Why Join CME Industrial

Above industry pay rates for skilled tradespeople

Professional, friendly team environment

All good tradesmen need their own tools and we provide all the power tools. You must be able to

Speak English and fabricate - not just weld.

Also Hiring – Site / Fabricators and Fitters

We also have open positions for experienced site fitters to install architectural steelwork such as balconies, balustrades, and handrails.
