HGV Mechanic

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

O'Dwyer Transport and Warehousing Ltd are seeking a full time HGV Mechanic based in Littleton , Co Tipperary .

Responsibilities include:

Carry out routine maintenance, servicing, and inspections on our own fleet of HGVs, Trailers, Moffet Mounties and Forklifts in line with manufacturer specifications and RSA/DVSA standards.

Diagnose mechanical, electrical, and hydraulic faults and perform necessary repairs.

Prepare vehicles for CVRT testing and complete pre-test inspections.

Conduct preventative maintenance checks and ensure all vehicles meet legal safety requirements.

Carry out engine, transmission, clutch, brake, and suspension repairs and replacements.

Maintain accurate service records digitally, job cards, and inspection documentation.

Respond to roadside breakdowns and provide emergency repairs when required.

Maintain a clean, safe, and organised workshop environment.

Ensure all work is completed efficiently, safely, and to a high standard.

Liaise with drivers, transport managers, and external suppliers regarding repairs and parts.

Requirements:

Candidate must be competent to carry out all job duties listed above

A mechanic qualification

2-3 years' of relevant experience as a HGV Mechanic is required

Proven experience working with heavy goods vehicles, ideally within a haulage or transport environment.

Strong knowledge of mechanical, electrical, pneumatic, and hydraulic systems.

Experience preparing vehicles for CVRT testing.

Ability to diagnose faults using modern diagnostic tools and software.

Strong problem-solving skills and attention to detail.

Ability to work independently and as part of a team.

Essential knowledge includes vehicle diagnostics, and repairing & diagnosing ABS/EBS brake systems

Essential skills include diagnosis and repair of trucks, trailers and vans

The candidate must have experience in installing and adjusting motors, brakes and steering

The candidate must have experience in installing, adjusting and servicing mechatronics components of HGVs

The candidate must have knowledge and experience of performing scheduled maintenance services such as oil changes and engine tune-ups, to achieve smooth running of vehicles and compliance with pollution regulations

The candidate must be able to reassemble engines and parts after repairs

The candidate must have a hgv license for road testing/ bringing vehicles to CRT Test centre

Annual remuneration: €36,605.00; Pay rate €18.05 per hour
