Job Description

A Home Care Manager in Ireland oversees the day-to-day delivery of community-based and domiciliary care services, ensuring vulnerable clients receive high-quality, person-centred support in their own homes.

Key Responsibilities:

- **Client Assessments:** Conduct initial and ongoing needs assessments to design personalised care plans and manage service packages (such as Home Care Packages).
- **Team Leadership:** Recruit, induct, train, supervise, and motivate a team of community care workers.
- **Rostering and Operations:** Manage staff rosters, workflow, and service coordination across specific geographical areas.
- **Compliance and Safety:** Ensure service delivery complies with national health and safety regulations, risk assessments, and organizational policies.
- **Stakeholder Engagement:** Liaise with clients, families, healthcare professionals (like HSE teams or GPs), and local community organizations.

Requirements & Qualifications

- **Experience:** Typically 3 to 5 years of experience in the home care or community care sector, with previous supervisory or management background.
- **Education:** A relevant health or social care qualification, commonly a QQI Level 6 in Health Services Supervisory Management Skills or a related discipline in Ireland.
- **Skills:**
 - Strong organizational, interpersonal, and communication abilities, alongside familiarity with care management software.
 - Marketing and Community connections skills to promote the organisation's objectives.

- **Sector:** human health and social work activities
