Job Description

SMP Hire Ltd T/A KR Hire requires 3 experienced Heavy Plant / Excavator Mechanics for full-time work at Glen Road, Monaghan, Co. Monaghan, H18 Y206.

The successful candidates will be responsible for servicing, diagnosing and repairing large excavators and other heavy construction/plant machinery.

Candidates should have strong hands-on mechanical experience with Komatsu or similar heavy equipment brands.

Main Duties:

- Service, maintain and repair large excavators and heavy plant equipment.
- Diagnose mechanical, hydraulic and basic electrical faults.
- Carry out repairs to engines, transmissions, hydraulic systems, undercarriages and other components.
- Perform preventative maintenance and routine servicing.
- Identify defective or worn components and complete necessary repairs or replacements.
- Carry out fault finding and troubleshooting on plant machinery.
- Ensure equipment is maintained to a safe and reliable working standard.
- Complete work in accordance with company health and safety procedures.

Candidate Requirements

- Proven experience as a Heavy Plant Mechanic, Excavator Mechanic, Heavy Equipment Mechanic or Plant Fitter.
- Strong experience working specifically with large excavators and construction equipment.
- Experience with Komatsu is highly desirable; experience with Caterpillar, Hitachi, Volvo, JCB or

similar equipment is also relevant.

- Good knowledge of diesel engines, hydraulics and mechanical systems.
- Able to independently diagnose faults rather than only carrying out routine servicing.
- Relevant mechanical/heavy equipment qualification is preferred.

Other Details: Minimum annual remuneration: €36,605

Standard working week 39 hours.
