In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is hiring for Maintenance Technicians on behalf of NGS Products (Shannon) Limited trading as NGS Engineering of E2 Smithstown Industrial Estate, Shannon, Co. Clare, V14 DY64 Ireland. The ideal candidate will have experience in the following areas: installing and assembling cleanroom wall and ceiling systems, doors, vision panels, trims, and associated components on projects. They will be responsible for measuring, setting out, cutting, fitting, sealing, and finishing cleanroom installations in accordance with drawings and specifications while maintaining quality, safety, and cleanliness standards. Candidates should have experience using hand and power tools, reading drawings, and carrying out installation work to precise requirements. Experience in cleanroom installation, modular systems, pharmaceutical, or high-specification environments is desirable. The role requires the ability to work as part of a site team, follow site procedures and safety requirements. This is a full-time role of 39 hours per week with an annual salary range of €40,000-€50,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
