Vinyl Graphics & Sign Installer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Pay: €35,000 to €37,000 per year, depending on experience

Location: based in Dublin 12, working on sites across Ireland (mostly the Greater Dublin Area)

What We Offer:

Use of a company van

Overtime

Payment for overnight stays on jobs outside Dublin

Favourable company pension scheme

Key Requirements (Read First):

At least 2 years' experience installing signage and applying vinyl graphics (windows, walls, glazing, interiors)

Hands-on experience with internal and external sign installation

Confident with Foamex, Dibond, acrylic and aluminium

Able to work independently on site and manage an installation from start to finish

Full, clean Category B driving licence (essential: you will drive to and between sites)

Willing to travel for jobs outside Dublin, including occasional overnight stays

Strong attention to detail and a high standard of finish

The Role:

We are looking for an experienced Vinyl Graphics & Sign Installer to join our fitting team. You will deliver high-quality installations across commercial, retail, hospitality and fit-out projects, working both on your own and as part of a crew.

Key Responsibilities:

Install internal and external signage, wayfinding systems and branded interiors

Apply vinyl graphics to walls, windows and other surfaces accurately

Assist with sign production and finishing in our Dublin 12 workshop

Use power tools and access equipment safely

Liaise with clients and site managers on the day

Represent the company professionally on client sites

Desirable (Not Essential):

Vehicle graphics experience

Basic electrical knowledge for illuminated signage

Carpentry or general installation skills

Safe Pass and MEWP certification (training can be provided)

What We Are Looking For:

A skilled installer with a strong eye for detail

Reliable, self-motivated and willing to take ownership of the work

A positive, team-oriented attitude

We use software, including AI tools, to help organise applications. Every application is read and decided on by a member of our team.
