Electrician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is hiring Electricians on behalf of Shelbourne Engineering Limited, Unit D2 Station Road Business Park, Dublin 22, Clondalkin, Dublin D22 AK70. The ideal candidate will have experience in the following areas: installation, testing, commissioning, maintenance and fault-finding of electrical systems within industrial and manufacturing environments. Duties include working on control equipment, process monitoring systems, lighting, power distribution, sub-distribution boards, containment systems including conduit, trunking, cable tray and ladder systems, and the installation and termination of industrial cabling such as SWA and NYMJ. The role requires the ability to interpret electrical schematics, technical drawings and manufacturing specifications, diagnose and resolve electrical faults, carry out inspections and testing in accordance with relevant regulations, and complete accurate maintenance records and documentation. Experience with emergency lighting, fire alarm systems, standby power systems and hazardous area installations would be advantageous. The successful candidate will demonstrate good problem-solving skills, attention to quality, effective communication, and the ability to work both independently and as part of a maintenance team in a fast-paced industrial environment. This is a full-time role of 39 hours per week with an annual salary range of €36,605 - €40,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
