Specialist Floor Installer (Terrazzo, Polished Concrete, Stone, Natural Stone, Epoxy Resin) (Experienced)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Join Stone Seal, Ireland's leading specialist in Premium Seamless Concrete Overlays and architectural terrazzo. We partner with top architects and designers on high-end homes and commercial fitouts nationwide. We're hiring experienced resin and stone floor installers to deliver reference-worthy work on design-led projects, with a clear path to Lead Finisher or Site Supervisor.

Company: Stone Seal (Division within parent company Aardvark SMC Limited) Specialists in premium, seamless concrete overlays (including Stone Seal Terrazzo, Seamless Architectural Topping and Stone Seal Polished Concrete Overlay)

Why join Stone Seal:

Work on high-specification, design-led projects with leading architects

Modern handheld and remote-controlled grinders/polishers with best-in-class dust control

Real progression: Floor Finishing Specialist → Lead Finisher/Site Supervisor

Overtime paid (evenings/weekends as required)

Travel & overnights supported (accommodation provided)

PPE & top-tier equipment supplied

Ongoing certification with pay reviews as skills develop

What you will do:

Carry out surface preparation, grinding, polishing, sealing, repairs and site protection to a high-specification finish

Install and finish resin, epoxy and seamless overlay systems, including mixing and application to manufacturer specification

Install, restore and polish stone, terrazzo and architectural toppings

Operate, calibrate and maintain finishing equipment (grinders, polishers, vacuums, sealing systems)

Diagnose and remedy substrate and finish defects

Work to method statements and drawings; maintain a tidy, compliant work area

Support and guide junior team members on site

Deliver on residential, commercial and industrial sites to programme timelines

What you bring;

Proven hands-on experience in resin/epoxy flooring, stone or terrazzo installation, concrete polishing or a closely related specialist finishing trade

Ability to work to fine tolerances and high-finish standards with minimal supervision

Competence operating professional grinding, polishing and sealing equipment

Strong work ethic, reliability and good communication

Comfortable with physical work in a construction environment

Willingness to travel nationwide (accommodation provided if required)

Full B driving licence desirable, not essential — company transport from base to site; occasional van driving

Safe Pass / Manual Handling (or willingness for us to arrange)

Relevant backgrounds: Resin flooring/epoxy; concrete finishing and polishing; terrazzo/stone restoration or marble polishing; screeding; stonemasonry; tiling; floor sanding; high-finish specialist trades.

Development

Advanced upskilling on machinery, finishes and protection systems

Certification milestones with pay reviews

Clear routes into Lead Finisher, Site Supervisor or Management

Location: 40 hours p/w, semi-regular Saturdays & flexibility for overtime. Projects can be located across Ireland with our Head office located in D17VN12
