Job Description

Job Description & Skills Required

Drumderry are recruiting for Shuttering Carpenters to work at their precast manufacturing facility in Drumderry, Bunclody, Co. Wexford.

The successful candidates will work within the factory manufacturing environment, constructing and assembling shuttering, formwork and moulds used in the manufacture of specialised precast concrete products.

Main Responsibilities:

- Measure, cut and assemble timber components in accordance with project drawings and specifications
- Construct, assemble, adjust and maintain shuttering, formwork and mould systems used in precast concrete manufacturing
- Produce formwork for specialised and bespoke precast products, including stairs, balconies and beams
- Read and interpret technical drawings and specifications
- Work closely with factory foremen and other members of the production team
- Ensure work is completed accurately, safely and to a high standard
- Maintain a clean, safe and organised working environment

Requirements:

- Qualified Carpenter or equivalent relevant practical experience
- Minimum 2 years' relevant carpentry/shuttering experience
- Proven experience in shuttering, formwork or carpentry

- Ability to read and understand drawings and specifications
- Ability to measure, cut and assemble timber accurately
- Ability to work independently and as part of a team
- High standard of workmanship and attention to safety

Normal Working Hours:

Monday to Thursday: 08:00 to 17:00

Friday: 08:00 to 16:00
