Job Description

Job Description & Skills Required

Drumderry Precast are recruiting for two HGV Mechanics to join their team at Drumderry, Buncloody, Co. Wexford.

The successful candidates will be responsible for the repair, servicing, inspection and maintenance of HGVs and associated vehicle systems, ensuring vehicles are maintained to a high standard and in compliance with safety requirements.

Main Responsibilities:

- Repair, service and maintain HGVs
- Conduct regular inspections of HGVs to identify faults or mechanical issues
- Carry out routine servicing and preventative maintenance
- Diagnose and repair engines and other HGV components
- Diagnose mechanical and electrical faults
- Conduct pre-CVRT inspections and prepare vehicles for CVRT
- Complete accurate and timely records of work undertaken and parts used
- Liaise with other members of the team to ensure the efficient running of the workshop
- Ensure all work is carried out to a high standard in compliance with health and safety requirements

Skills, Knowledge and Experience Required:

- Relevant qualification in mechanical engineering, vehicle mechanics or equivalent time-served experience
- Minimum 2 years' experience working as an HGV Mechanic
- Thorough understanding of the mechanical and electrical systems of HGVs

- Ability to diagnose mechanical and electrical faults
- Experience in servicing, maintenance and repair of heavy goods vehicles
- Ability to work independently and as part of a team
- Strong commitment to quality and workplace safety
