Computer Numerical Control (CNC) Machinist

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is hiring for Computer Numerical Control (CNC) Machinist on behalf of Hibernia Steel Products Limited trading as Hibernia Steel of Grangegeeth, Hill of Slane, Co. Meath, C15 H21C. The ideal candidate will have experience operating CNC profiling machinery within a manufacturing environment, preferably working with light gauge steel products. The role involves setting up and operating CNC folders, press brakes, roll-forming lines and cut-to-length equipment to produce profiles and components to specification. Candidates should be able to read technical drawings, interpret dimensions and angles, and use measuring equipment to verify product accuracy and tolerances. Responsibilities include monitoring machine performance, carrying out quality checks, identifying and reporting faults, handling raw materials and finished products, and maintaining production records. Experience working with light gauge steel, sheet metal processing, and automated production equipment is required. The successful candidate will follow production schedules, work across different machine stations as required, and adhere to all health and safety procedures within the manufacturing environment. This is a full-time role of 39.5 hours per week with an annual salary range of €37,074.70-€40,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
