## Excavator Operator

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

We are hiring an excavator operator in Ireland, with all cards up to date.

CrisPro NTP Construction is a Co. Laois company doing civils works for fibre optic networks: trenching, duct installation, chambers, footpath and road reinstatement. The team is growing and we need an experienced excavator operator who can start soon.

What you must have:

- a valid Safe Pass (SOLAS)
- a valid SOLAS CSCS card for 360° Excavator or Mini Excavator, depending on the machine you have worked on. Irish law requires the SOLAS card on site; a qualification from another country is not accepted directly
- at least 1 year of hands-on excavator experience on utility or telecoms excavations, working close to cables and pipes
- a PPS number and the right to work in Ireland (EU/EEA/Swiss citizenship or a valid employment permit)
- a valid category B driving licence
- enough English to communicate on site with the client's supervisors

Nice to have: CSCS Locating Underground Services (LUGS) card, valid Manual Handling, HSR or SLG for work on public roads, BE licence for towing the machine trailer.

What we offer:

- a full-time employment contract, paid weekly through PAYE
- steady work, based in Co. Laois (Durrow / Portlaoise) with sites in the surrounding area
- machine, tools and PPE provided by the company
- a stable team and a clear schedule from one week to the next

How to apply: apply through JobsIreland, or send a WhatsApp message to +353 89 657 8376 or an email to alex@crisprontp.com with a few lines about your experience and photos of your Safe Pass and CSCS cards.

CrisPro NTP Construction is an equal opportunities employer.
