Carpenter/Fitter

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We're looking for a skilled Carpenter & Joiner to join our team.

Responsibilities:

Working from architectural drawings, cutting lists and specifications to plan materials, dimensions and installation sequences

Measuring, marking out, cutting and shaping timber, sheet materials and engineered wood products using hand and power tools

First-fix work: floor joists, roof structures, stud partitions and timber framing

Second-fix work: doors and linings, staircases, skirting, architrave, window boards and fitted units

Fitting manufactured and purpose-made joinery, checking level, plumb, alignment and secure fixing

Forming joints and connections to standard, and choosing the right fixings, adhesives and finishes for each job

Constructing and striking formwork and temporary timber structures where needed

Repairing and refurbishing existing timber, matching profiles and finishes

Checking your own work against tolerances and putting right any defects before handover

Looking after your tools and flagging anything that needs repair or replacing

Coordinating with site management and other trades to keep to programme

Working safely at all times, safe tool use, manual handling, working at height and correct PPE
