Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Doyle Concrete Ltd,
Carrickmerlin, Hugginstown,
Co. Kilkenny, R95 KD30

Salary: €36,605 per annum

Full-Time Permanent | 39 hours per week

Position: Two

We are seeking two(2) skilled Welders to join our precast concrete manufacturing team. This is a workshop-based role with no construction site work involved. Your primary duties will be welding steel reinforcement bars and mesh to form precise structural frameworks and reinforcement cages for our precast concrete products. You will fabricate steel structures that form the reinforced bases and supports for precast slabs, agricultural units and related elements, measuring and cutting steel to exact specifications and following technical drawings to ensure every component meets our quality requirements. You will also inspect all welded work to ensure strength, accuracy and consistency, and operate welding equipment safely at all times.

Candidates should have practical welding experience, the ability to work accurately from measurements and technical drawings, and a commitment to quality and safety. We offer a permanent position, competitive salary and regular daytime hours in a clean, indoor workshop environment.
