Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

1. Prepare and revise AutoCAD drawings from engineering instructions, sketches, surveys and project information.
 2. Produce plans, elevations, sections and construction details for planning applications, tender documentation and construction projects.
 3. Incorporate engineering markups and verified site measurements into drawings.
 4. Check drawings for accuracy, completeness and consistency, referring technical queries to the supervising engineer.
 5. Maintain drawing registers, revision records and project files.
 6. Assist with site measurements, technical documentation and building control submissions.
 7. Coordinate drawing information with the engineer, clients and other project participants.
- Engineering design, certification and final technical approval remain the responsibility of the supervising engineer.

- **Sector:** construction
