Roofer . Solar Panel Installer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Peyton Electrical Limited located in Cloon cormick, Hollymount, F12 V4P9 is looking for an experienced Roofer / Solar Panel Installer to join its team.

This is an opportunity for a skilled roofer with experience working at heights and an interest in solar installations to join a business operating in the renewable energy sector. The successful candidate will have practical roofing experience, take pride in their work and maintain high standards of safety and workmanship on site.

Key Responsibilities

Carry out roofing work involving slate tiles and metal roofs.

Assist with the installation of solar panels.

Work safely and confidently at heights.

Ensure work is completed to a high standard, with attention to detail.

Follow site safety procedures and work responsibly as part of a team.

Requirements

Previous experience as a roofer, ideally with solar panel installation experience.

Experience working with slate tiles and metal roofs.

Comfortable working at heights.

A strong awareness of health and safety on site.

Valid Safe Pass, Working at Heights and Manual Handling certifications.

Experience working with mobile towers and holding a MEWP ticket would be an advantage, but are not essential.

What Peyton Electrical Limited Offers

An attractive package is available for the right candidate, with a minimum annual salary of €36,605, depending on experience.

Full-time, permanent employment for 39 hours per week.

The opportunity to bring their roofing skills to a business involved in solar installations.
